

*Goldstone Technologies is a software development and consulting company with over 200 consultants in the US and about the same number working on offshore assignments in Europe/Japan and India. Most of the offshore resources have had a few years of US experience.*

*All of our resources come with at least 4-5 years of US experience in Fortune 500 companies and excellent references. Currently our consultants are working in 40 states, and we can provide resources all across the nation and even at offshore locations. We specialize in a number of skill sets, as given below and because of our extensive experience in the Far East Markets; we can even provide bilingual consultants as well (including such hard to get skills such as Japanese/Korean).*

#### **Skills:**

We can supply resources across a wide range of technologies including:

- ERP
- CRM
- Client Server
- Datawarehousing/Business Intelligence
- AS/400
- Mainframe
- Database Administrators

#### **Industry Experience:**

Among others, our consultants have extensive domain experience in the following industries.

- Financial/Banking/Brokerage
- Retail
- Pharmaceutical/Health Care
- Federal/State Governments
- Software
- Insurance
- Entertainment
- Transport
- Hospitality

#### **Permanent Staffing**

We can also help you in your permanent staffing needs (including Green Card and US Citizen resources). We have access to hundreds of consultants, who have worked with us on various consulting assignments and due to various personal reasons are more interested in a full time position rather than a consulting role. All of these resources have worked with us in the past and we have a deep understanding of their strengths and weaknesses.

#### **Our Team**

We will assign an account manager to work closely with you on your requirements. All of our account managers have had extensive industry experience and are supported by their own team of recruiters.

We will not flood you with resumes, but present you with 2 perfect resumes, with a firm all inclusive rate and a minimum of two references. Also, if we can't get you the resources you want, we will let you know as well.

***We believe that to be successful, we have to make you successful.***
